PEST CONTROL REMINDER...

It is extremely important that all units be treated for Pest Control. However, we realize that some residents have household members who have medical/breathing problems and are unable to withstand the spray we use in our Pest Control. To be excused from the spray treatments you **MUST** provide EPHA with a **written medical excuse from your doctor** at least 24 Hours prior to your Pest Control appointment date. This will allow us time to prepare a Gel Baiting treatment.

If you have an active live pest problem, EPHA considers this an infestation and requires you to notify the office immediately! You will be required to prepare your unit prior to treatment and plan to be away from your unit for at least 5 to 6 hours after treatment.

Covid-19

Please rely on the Centers for Disease Control (CDC) for guidance and recommendations.

For more information we welcome you to our website at www.eastpointha.org on more information regarding Covid-19.

OFFICE CLOSINGS

Memorial Day

Office will be close Monday, May 31st and will reopen Tuesday, June 1st. EPHA will remain closed to the public until further notice.

"If you are always trying to be normal you will never know how amazing you can be."
