### CELEBRATING BLACK HISTORY

In 1957, nine students attempted to integrate Central High School in Little Rock, Arkansas. This attempt was in response to the Supreme Court ruling of *Brown v. the Board of Education*. In an effort to prevent the students from entering the school, the governor deployed the National Guard. The students had to have a police escort to ensure their safety. Learn more about the *Little Rock Nine* online at [www.history.com](http://www.history.com).
